SKILLS

Languages: JavaScript, Typescript, Python **Frameworks and Libraries:** React Native, React, jQuery, Jest, Express.js, Node.js, AJAX, D3.js, Flask **Data:** MongoDB, PostgreSQL **DOM:** HTML5, SCSS, CSS, Flex, Grid, Bootstrap **Infrastructure and Tools:** AWS, Heroku, Git, VI, Jira, Confluence **Concepts:** Object-oriented design, UX design, Responsive design

EXPERIENCE

Software Engineer

HBO Max (HBO and Warner Bros. Discovery) | Seattle, WA (Remote)

May 2021 - September 2022

- Developed downloads and offline experience for a new iOS/Android/Web application that replaced the legacy in-market application in August 2022. Migrated existing downloads, developed APIs and helped design downloads integration layer with native code and offline downloads experience.
- Implemented non-Player interactive assets, like tiles, header, profile components and screens for iOS, Android and Web applications.
- Debugged various out of region and offline UX/UI experience bugs for iOS, Android, Web and TV apps for the previous in-market app.

Software Engineer

Grokker | San Jose, CA

September 2018 - May 2021

Drove front-end web development and deployed features on web and mobile platforms for clients like Disney, eBay, CVS, etc. Designed and created admin tools for internal use, and filled data requests and compiled reports for customer success teams.

Key Accomplishments:

- Developed a Streaks feature that won HR Techs 2019 Top HR Products of the year.
- Improved website accessibility to meet WCAG AA standards.
- Identified a security attack and quickly implemented both reCAPTCHA and honeypot security measures to protect client data with no downtime.

EDUCATION

Hackbright Academy | Certificate of Completion

March - June 2018

- Accelerated 12-week software engineering program for women. Hackbright is highly selective (5% acceptance rate).
- Studied computer science fundamentals, object-oriented design, agile development and best practices.
- Designed, developed and deployed a web app

Lewis & Clark College | Bachelor of Arts in English Literature

September 2011 - May 2015

- Focus in International Affairs
- Study Abroad: India Regional Program 2013
